

JOB DESCRIPTION

Name of Position: Student Technology Leadership Program Coordinator

Responsible To: Principal (with support from Department of Education Technology)

Responsibilities:

1. Meet regularly with STLP students.
2. Guide the STLP to develop activities which enhance the academic, social and emotional growth of the student.
3. Guide the STLP to provide leadership opportunities for all students.
4. Provide the STLP with opportunities to experience multi-age collaboration by forming innovative learning partnerships.
5. Guide the STLP to form learning partnerships between students with different technology skills.
6. Guide the STLP to develop activities which benefit communities.
7. Guide the STLP to develop instructional activities which integrate technology, benefit the school, and support KETS (Kentucky Education Technology System).
8. Guide STLP students in the development and completion of school-level projects.
9. Assist the STLP in activities related to regional and state STLP showcases.
10. Participate in district and state meetings of STLP sponsors.
11. Maintain communication and submit required documentation to the Department of Instructional Technology
