

How to Use This Template

1. Click on the question once to select it.
2. Then click on the RapidFire button at the top of the screen. A red lightning bolt will appear after the question.
3. Have students call out their ideas and type them in the space after the lightning bolt.
4. Press enter after each idea and a new box will be created with that idea in it.
5. Delete this text box.

What does it mean to
be an endangered
species?
