### Say "Cheeeeeeeze"

I know that most classrooms and STLP groups are taking tons of digital pictures. Here is a REALLY EASY contest. Basically, all you do is send in some good shots showing the technology connection to learning, and hope you win..... Just click on the link below:

[http://www.techlearning.com/content/contest/photos/2001\\_photocontest.html](http://www.techlearning.com/content/contest/photos/2001_photocontest.html)

I would only include pictures of students if they have photo permission. If I can help in anyway... just let me know!

Speaking of photographs... there are tons of really neat literacy activities that can be done with your classroom pictures. Digital, scanned or developed photographs can be used in all kinds of projects. Some of these activities are low tech, others are high tech, and some are basically no tech. Just touch base with me if you are interested in learning more!

### Web Sites of the Week:

Here are some great sites for fall activities:
