Kidspiration

One of the District Technology Resource Teachers is "...trying to determine if there would be interest in a Kidspiration PD at Ambrose in early December. This would be a slightly advanced session for those who know the basics and want to spend some time creating activities for their students, using the teacher menu, and saving work as web pages, etc." If you would be interested in such a class at the Ambrose Training Center in early December, please reply back to this e-mail. Thank you!

From Beth Drake at Yates Elementary:

- Thanksgiving Study Unit

Teach kids the story of Thanksgiving. This website provides lesson plans for helping kids understand the importance and meaning of the holiday.

<http://www.teelfamily.com/education/thanksunit.html>

- **Teaching About Thanksgiving**

At this website, beginning with a pictorial time line of 1620-1621, students explore the voyage on the Mayflower, the relationship between the Wampanoag and the Pilgrims, and the events that led up to the harvest feast celebrated by both groups. Students view the period through interviews with Pilgrim interpreters playing the roles of actual Pilgrims, and a modern-day Wampanoag descendant.
